

Design and Technology

Dear Parents/ Carers,

The children will be learning about food and where it comes from. As part of this we will be discussing preparations before we eat it. The children will have a go at peeling, slicing, mashing, chopping and grating. Then enjoy tasting foods that they have prepped.

If your child has **any food allergies** at all (even if you think we already know) please make sure we are aware. **Even if the food is not listed below**, please do make sure we are informed by completing the reply slip on the next page, we want to ensure the safety of all of our children!

Foods we will be using	Apples - peel Sweet potato- mash Celery - chop Cucumber – slice Lettuce – tear
-------------------------------	---

It is vital that we are aware of any food intolerances or allergies, so please return the form below giving permission for your child to take part. **Please return by Monday 15th June**

Kind regards,
Jade Chandler, Kim Bourke-Smith and Claire Osborne

Design and Technology

I give permission for my child _____ to take part in the food tasting and using specific tools to prepare foods.

My child has have the following **allergies**:

Signed: _____ (parent/carer)
