

Your child's new teacher is:

Miss McAdam

They will be in class

3 Oak

Who am I? Where did I come from? What am I doing here?

This is my first year as a teacher after 4 years of teacher training! I have also worked prior to teaching in restaurants and even Build-a-Bear Workshop.

I was born and raised in Newcastle upon Tyne, then I moved to Nottingham for 4 years to complete University and now I have moved to Buckinghamshire with my partner who grew up here.

Since this is my first full year at THS and as a class teacher, I am so excited to learn, grow and soar alongside our THS BIRDS.

I am a huge fan of sports, I love to watch football and I also love to bake in my free time, especially chocolate cakes (my favourite)!

I will have an 'open door' and will always see you as soon as possible, considering my teaching commitments.

Email office@thomashickman.bucks.sch.uk with any queries.

Why your children are important to me:

All children are unique and special. They have their own independent skills, talents and personalities, with their own interests and hobbies. I want the children to feel safe and develop the skills to be ready to learn and soar.

My role is to develop our BIRDS into the confident, brave and scholarly young BIRDS that they can be. They are important to me because they are very important to you and I will take great care of your children.

Why Year 3 is amazing:

We will learn about life through the ages - this will involve a trip to the Chiltern Open Air Museum, carving stone age spearheads and creating our very own cave paintings.

In spring, we will learn about earthquakes and volcanoes. During this time, we will visit the Natural History Museum in London, build our own volcanoes and then erupt them!

Finally, we will learn about everything that Ancient Rome has to offer. What did they invent that we still use today? How great was their empire? What happened in the ancient city of Pompeii? We will answer these questions on our visit to the Verulamium museum, during our Field of Study lessons and as we become Roman soldiers!

There will be a plethora of opportunities for your child to hatch their curiosity and enable their learning to take flight. I hope you are all as excited as I am!

I look forward to seeing you soon!
