

Your child's new teacher is:

Miss Rymczuk

They will be in class

2 Lime

Who am I? Where did I come from? What am I doing here?

I am excited to embark on my second year at Thomas Hickman School and look forward to seeing all of our magnificent birds continue to soar.

Originally from Poland, I moved to England more than 20 years ago and now live in Aylesbury with my family. Outside of school, I enjoy swimming, yoga and tennis, and I spend my weekends and evenings staying active. I also love travelling with my family and making the most of the outdoors on long walks.

I am very much looking forward to another wonderful year at Thomas Hickman School and to sharing many exciting learning experiences with the children.

I will have an 'open door' and will always see you as soon as possible, considering my teaching commitments.

Email office@thomashickman.bucks.sch.uk with any queries.

Why your children are important to me:

Because they all bring something unique and valuable to our classroom! They have the potential to achieve their best and I believe in supporting them every step of the way, helping them grow in confidence, curiosity and independence.

I want your children to know that I am there for them and that if they ever feel unsure or worried, they know they can always come and talk to me. We also have a helpful Worry Monster who can always be depended upon for any issue, no matter how big or small!

Why Year 2 is amazing:

Year 2 is an exciting year!

Through our Fields of Study, we will become explorers and historians during our 'Unlimited' topic. They also get the opportunity to take on a role in the Nativity.

We then move onto royalty in our 'Long Live our Noble King' Field of Study, looking at our new king and other monarchs of the past.

In the summer term we move onto 'Crabs, Coasts and Cornettos' which looks at the UK and its human and physical features.

We have a variety of trips planned, as well as in school experiences, including a visit to Windsor castle and Southend aquarium and beach!

I look forward to seeing you soon!

Where CURIOSITY HATCHES, creativity takes Flight and learning SOARS TO A SKY OF opportunity.

I look forward to seeing you soon!
