

Your child's
new teacher
is:

**MR
Kwasnik**

They will be
in class

**6
Yearmor
e**

Why your children are important to me:

As a parent myself I know that they are the most precious things in our lives and that we all want the absolute best for our children.

It is my job to really open up every child's sky of opportunity so that they can take flight and soar in

whatever area they choose, ensuring that their loves and talents are developed to their utmost.

Teaching isn't just about the subjects we teach, I want to help every pupil grow into confident and resilient young people who can

Who am I? Where did I come from? What am I doing here?

This is my sixth year at THS and my sixth year teaching in year 6. I absolutely love taking our BIRDS through their final year at THS!

I live in a village just outside of Aylesbury with my partner, daughter, son and our dog named Polly. They all keep me very busy when I'm not at school.

Since I have been at THS it has been clear that this is a special school with great pupils and staff and there is nowhere else I'd rather be a teacher.

Before I was a teacher, I was a business owner and I will have an 'open door' and will always see you as soon as possible, considering my teaching commitments.

Why Year 6 is amazing:

Year 6 is an exciting year with a variety of field of study areas that include British History and understanding immigration to dissecting hearts in science or imagining life as a WWII evacuee, when we find out about Britain at War. We 'explore' the Frozen Kingdoms of the world, finding out about the Titanic sinking and have a visit from animals to enhance our learning. Our Stand up Stand out for takes us to London after learning about the Laws of England - we visit the Houses of Parliament! It really is a jam-packed year of fun and learning.

We have a variety of trips as well as in school experiences, with the

I look forward to seeing you soon!
