

Your child's new teacher is:

**Miss Rymczuk**

They will be in class

**2 Lime**

### Who am I? Where did I come from? What am I doing here?

I am thrilled to be starting my teaching journey at Thomas Hickman School. Having worked in education for nearly a decade, as a teaching assistant, trainee teacher and now as a class teacher, I have gained valuable experience across both Key Stage 1 and Key Stage 2.

I live locally and enjoy spending time outdoors on long walks, travelling with my family and playing tennis in my spare time.

From the moment I visited Thomas Hickman School, I knew it was a special place. I am passionate about learning and take great joy in helping children believe in themselves, embrace challenges and realise they are capable of achieving amazing things.

I will have an 'open door' and will always see you as soon as possible with teaching commitments.

### Why your children are important to me:

Because they all bring something unique and valuable to our classroom! They have the potential to achieve their best and I believe in supporting them every step of the way, helping them grow in confidence, curiosity and independence.

I want your children to know that I am there for them and that if they ever feel unsure or worried, they know they can always come and talk to me. We also have a helpful worry monster who can always be depended upon for any issue – no matter how big or small!

### Why Year 2 is amazing:

Year 2 has so many exciting fields of study! We will become explorers and historians during our 'Unlimited' topic. We then move onto royalty in our 'Long Live our Noble King' field of study, looking at our new king and other monarchs of the past. In the summer term, we will move onto 'Crabs, Coasts and Cornettos' which looks at the UK and its human and physical features.

We will have a variety of trips planned, as well as in school experiences, including a visit to Stoke Mandeville Stadium, Windsor castle, Southend aquarium and the beach!

There will be many opportunities for your child to hatch their curiosity and enable their learning to take flight!

*I look forward to seeing you in September - Stay Safe*
