

Your child's new teacher is:

Mrs Saw

They will be in class

3 Oak

Who am I? Where did I come from? What am I doing here?

I am an experienced teacher and have been teaching for 20 years! I absolutely love my job and cannot see myself doing anything else!

I live with my husband and two daughters, aged 12 and 14. I live locally and my hobbies are walking our dog, horse riding and paddle boarding.

I have been at THS for over seven years and as soon as I came to the school, I knew it was a truly special place to teach and learn and am fully invested in the school values. I love reading, art and history. I design my lessons to inspire and engage your child.

My aim is to enable all children to 'love to learn'!

I will have an 'open door' and will always see you as soon as possible to discuss any issues that may arise.

Alternatively, email the school and we will contact you as soon as we possibly can.

Why your children are important to me:

... because they are so precious to you! I want the absolute best for them, and every day will provide new and exciting learning opportunities in a safe and engaging environment.

We are all THS BIRDS and throughout Year 3, I will be making sure that the children soar to their sky of opportunity!

I am there for the children, whatever their worry may be and in class we will have our 'worry monster' for the children to 'post' their worries – if I know about it, then I can help.

Why Year 3 is amazing:

Year 3 is an exciting year with a variety of Field of Study activities including carving Stone Age arrowheads, creating cave paintings, making and erupting volcanoes, finding out about the ancient and tragic city of Pompeii and becoming Roman warriors! It really is a year packed with fun and learning – and I am very excited to be in Year 3 again!

We have a variety of trips planned, as well as in school experiences, including a visit to the Chiltern Open Air Museum, the Natural History Museum in London and a real Roman Verulamium and amphitheatre. There will be an in-school 3D workshop in which the children will be able to fly above an erupting volcano! There will be opportunities for your child to hatch their curiosity and enable their learning to take flight!

I hope you are all as excited as I am!

Keep checking the school website too for Bulletin updates and year group information on: www.thomashickmanschool.com

I look forward to seeing you in September - Stay Safe
